Advisory Circular

Subject: APPLICATION FOR AIR AGENCY
CERTIFICATE - MANUFACTURER'S
MAINTENANCE FACILITY

Date: 11/30/83
Initiated by: AWS-200

AC No: 145.101-1B
Change:

1. PURPOSE. This advisory circular (AC) provides manufacturers with the procedures for obtaining a repair station certificate with a limited rating for a manufacturer (known as a manufacturer's maintenance facility (MMF)).
2. CANCELLATION. AC 145.101-1A, Application for Air Agency Certificate - Manufacturer's Maintenance Facility, dated March 10, 1969, is cancelled.
3. DISCUSSION. An Air Agency Certificate (repair station certificate with a limited rating for a manufacturer (MMF)) may be issued to eligible manufacturers without further showing under Federal Aviation Regulations Part 145, Subpart D. Issuance of such certificate is limited to a manufacturer who holds: (1) a Production Certificate; (2) a Parts Manufacturer Approval; (3) a Technical Standard Order Authorization; or (4) a Type Certificate (TC) or is the licensee of a TC and has an approved production inspection system.
4. APPLICATION. An eligible manufacturer may submit a letter of application to the Federal Aviation Administration (FAA) Manufacturing Inspection District Office covering that manufacturer. The letter should state the FAR 145.101(a) subparagraph under which the application is made, the FAA Production Certificate or production approval held, and the complete business address of the manufacturer.

M. C. Beard
Director of Airworthiness
